

Difference (D) signal from the AdvACT sample for increasing patch size  
Odd simmetry check: + prof. (blue); - prof (red)  
090 GHz

Difference (D) signal from the AdvACT sample for increasing patch size  
Odd simmetry check: + prof. (blue); - prof (red)  
150 GHz

Difference (D) signal from the Avg. random sample for increasing patch size  
Odd simmetry check: + prof. (blue); - prof (red)  
90GHz

Difference (D) signal from the Avg. random sample for increasing patch size  
Odd simmetry check: + prof. (blue); - prof (red)  
150 GHz
