GABRIELE MONTEFALCONE

☑ montefalcone@utexas.edu 🔞 InspireHep · 🗘 Github · 🛅 Linkedin · 🦠 gabrielemontefalcone.com

1 Institutional History

Doctor of Philosophy in Physics

📇 Sep 2021 ▶ Now

University of Texas at Austin, Weinberg Institute for Theoretical Physics

Austin.TX

Advised by Katherine Freese

Bachelor of Arts in Physics

⊠ Sep 2016 ▶ Jun 2020

Princeton University, Department of Physics

Princeton, NI

Senior Thesis (advised by Lyman Page): Exploring properties of galaxy clusters with the Atacama Cosmology Telescope Junior Paper II (advised by Paul J. Steinhardt): Exploring extra dimensions with constraints on the variation of Newton's Constant Junior Paper I (advised by Cristiano Galbiati): The DarkSide-LowMass Experiment and its Physics Potential

Journal Publications

AWARDS & FELLOWSHIPS

Summer Excellence 2025 Fellowship

₩ Jun 2025 Sep 2025

Graduate School, University of Texas at Austin

Awarded annualy by the University of Texas Graduate School. Stipend of \$9,000, tuition and insurance for the summer term included.

Graduate School Continuing Fellowship

IJ Jun 2024 ▶ Jun 2025

Graduate School, University of Texas at Austin

Awarded by the University of Texas Graduate School, based on major accomplishments and a well-defined research program. Stipend of \$36,000, tuition and insurance for full academic year included.

Steven Weinberg Summer Fellowship

☑ May 2023 ▶ Aug 2023

Texas Center for Cosmology and Astroparticle Physics (TCCAP), University of Texas at Austin

Awarded annually to one member of the TCCAP. Stipend of \$7,500, tuition and insurance for the summer term included.

A. G. Shenstone Prize Winner in Physics

🛱 Jun 2018 - Jun 2019

M Oct 2023

Ann Arbor, MI

Department of Physics, Princeton University

2. Cosmology-Astro Seminar

Leinweber Center for Theoretical Physics, University of Michigan

☐ The Imprint of cosmic neutrinos & other light-relics in the CMB

Recognizes annually outstanding Physics undergraduates who have shown excellence in course work and promise in independent research. Awarded prize of \$750.

♣ RESEARCH PRESENTATIONS

Invited Talks

10. Theoretical Astroparticle & COsmology Symposium in Texas Oct 2024 Department of Physics, University of Texas at Austin Austin, TX ☐ Free-streaming neutrinos in the CMB power spectra 9. TeV Particle Astrophysics 2024 **☑** Aug 2024 Department of Physics, University of Chicago Chicago, IL Minimal Dark Matter Freeze-in with Low Reheating Temperatures & Implications for Direct Detection 8. Workshop on Quantum Aspects of Inflationary Cosmology 🛱 Jul 2024 Munich Institute of Astro-, Particle & BioPhysics Munich, Germany WIFI A novel framework for Dark Matter production 7. International Workshop on the Identification of Dark Matter [†] Jul 2024 Gran Sasso Science Institute L'Aquila, Italy Minimal Dark Matter Freeze-in with Low Reheating Temperatures & Implications for Direct Detection 6. Cosmology from Home M June 2024 Online Conference Virtual on Zoom Minimal Dark Matter Freeze-in with Low Reheating Temperatures & Implications for Direct Detection 5. Neutrinos from Home Apr 2024 Virtual on Zoom Online Conference ☐ The Imprint of cosmic neutrinos & other light-relics in the CMB Mar 2024 4. The Future of High Energy Physics, A New Generation, A New Vision Aspen Center for Physics Aspen, CO ☐ WIFI: A novel framework for Dark Matter Production 3. Particle Production and Thermal Effects in Inflation **1** Feb 2024 Virtual on Zoom Physics Department, King's College London ☐ Dark Matter Production during Warm Inflation via Freeze In

I guide a team of high school and undergraduate students in creating interactive animations that let students explore the effects of cosmological parameters on the Cosmic Microwave Background. Hosted on our website, CMBverse, these tools are designed to make learning cosmology more engaging and accessible.

Physics Concerto Seminar Series

Department of Physics, University of Texas at Austin

Austin, Tx

physicsconcerto.com

Founder and organizer of the Physics Concerto, a peer-to-peer seminar series with the aim of enabling graduate students to delve into fields and roles beyond their own concentration at an advanced, yet comprehensible, level.

Member of the Local Organizing Committee, TACOS

₩ Aug 2024 ► Oct 2024

Department of Physics, University of Texas at Austin

Austin, Tx

Contributed to organizing the annual Theoretical Astroparticle & COsmology Symposium (TACOS); a meeting that unites researchers in theoretical particle physics, astrophysics, and cosmology across Texas, facilitating discussions on the latest developments, and promoting collaboration among faculty, postdocs, and students from the different institutions.

Physics Competition by Physics Unlimited

₩ Nov 2019

Department of Physics, Princeton University

Princeton,NJ

Directed the organizing committees and designed both onsite and online exams with challenging physics problems.

Teaching Assistant

Phy 321 - Plan II Modern physics

Spring 2023

Honors Plan II course on particle physics

University of Texas at Austin

Led discussion classes and supported the homework administration and grading. Taught three lectures on special relativity, principles of general relativity and the cosmic microwave background.

Phy 303k - General Physics II

Introductory course in Electromagnetism for engineers

University of Texas at Austin

Led discussion classes and supported the homework grading.

Phy 355 - Modern Physics

☆ Fall 2021 ▶ Spring 2022

Introductory course in Quantum Mechanics, Statistical Mechanics and Special Relativity

University of Texas at Austin

Led discussion classes and supported the homework administration and grading.

Phy 104 - Electromagnetism

☼ Spring 2021

Introductory course in Electromagnetism

Princeton University

Led discussion classes and supported the homework grading. Contributed to the revision process of a new textbook for the course by Professor Meyers.

Phy 102 - Electromagnetism

Introductory course in Electromagnetism for pre-med students

Princeton University

Supported the labs and homework administration and grading.

Phy 101 - Classical Mechanics

🔁 Fall 2020

Introductory course in Classical Mechanics for pre-med students

Princeton University

Supported the labs and homework administration and grading.

SKILLS & INTERESTS

</> Digital Competence

Data Analysis in Python, Mathematica and C++; Machine Learning with Keras; Proficient user in LATEX.

Languages

Native Italian; Proficient English; Intermediate Spanish.

☎ Other Interests

Running; Italian Cooking; Motorcycle Riding; Backpacking; Acoustic Guitar.
